

# ENGINE REPLACEMENT PROGRAM

## AN ALTERNATIVE TO TIER 4

### What is a replacement engine?

A replacement label engine is a new engine from the factory with a new warranty to replace an existing engine. It can be ordered to match existing engine option codes or Frontier Power can make those changes for you. This is a cost effective way to extend the life of the equipment the engine powers.

### One step engine swap service:

Frontier Power offers an engine swap program available at all branches listed below. We will provide the parts and labor to take out the old engine and replace it with the new replacement label engine.

Call us for more information and a quote at the numbers below or check out our website for more details.

### Benefits of a replacement engine?

- This is a new engine, not a remanufactured engine.
- This comes from the factory with a new 2yr/2,000 hour warranty.
- John Deere replacement engines can be ordered to match core engine option codes.
- Customer can keep existing control panel, radiator, air and exhaust systems.
- A more cost effective solution than purchasing a final tier 4 unit.
- Customer can use in-stock replacement engines for faster lead times.
- Comes complete with oil, water and fuel systems.
- Replacement engines come with rotating electrical, water pump, injection pump and ECU if equipped.

*\*All current Environment Canada requirements will be applied to customer and replacement applications.*

# REMAN - Just like new

At a fraction of the cost

**Frontier**  
POWER PRODUCTS  
[www.frontierpower.com](http://www.frontierpower.com)

## The right part at the right price

When you need a quality engine repair solution at a price you can afford, John Deere Reman will get your machine up and running fast.

**John Deere REMAN** remanufactures engines (short blocks and complete block assemblies) and components that deliver like-new performance at a price that's up to 40 percent less than the cost of a new part.

Warranty coverage is one-year, unlimited-hours parts warranty.

If Frontier Power Products installs the components your warranty will not only cover the part but the labor as well!

Quick component delivery is through your local **Frontier Power Products** branch and the **John Deere REMAN** warehouse, based in Western Canada.

Contact your nearest **Frontier Power Products** branch or visit:
